

STOP GRANITE CITY LAWSUIT AGAINST E.P.A.
GRANITE CITY RESIDENTS FOR A LEAD-FREE HOME
CITIZENS FOR E.P.A. LEAD CLEAN-UP

We the undersigned residents of Granite City, firmly believe that for the safety and health of our children, pets and neighbors, the E.P.A. should be allowed to remove contaminated soil from all residents homes who give the E.P.A. access permission. We believe that to deny permission to the E.P.A. will ultimately endanger the health of our children, pets and ourselves, and lower our property values, possibly preventing us to be able to recall our homes, which will eliminate our investment potential.
